Why choose Private Jet Charter

For more than 30 years we've been providing comprehensive luxury travel to customers all over the globe. We're passionate about what we do, that's why our multilingual global team of experts offer an unparalleled award-winning service, that is tailored to your individual requirements and preferences. For us, it's the little details that matter; it's not about getting you from A to B, it's about providing an unforgettable, seamless VIP experience.

You can choose the aircraft category to best suit your requirements. Our computerised aircraft sourcing and tracking system means we can react very quickly and contact hundreds of aircraft owners and agents in minutes.

You can help protect our planet. We encourage our clients to offset carbon emissions through the Carbon Passport Plan. You can purchase Certified Emission Reductions (CERs) that equal the carbon produced. The credits are used to fund the reduction of carbon emissions through alternative projects, so your flight can effectively be carbon-neutral.

You will benefit from accurate pricing with no hidden costs. We will not make promises and claims which may prove problematic and perhaps impossible to deliver in certain situations, preferring to concentrate on delivering an impeccable service that can be guaranteed every time. In addition to this, the extra benefits we offer to our Avier Card holders are unrivalled.

Become a member for complete ease and flexibility

Whether you fly for business or pleasure, you can now experience the full benefits of being one of our valued members. It's like owning your own fleet of private jets – without the financial commitment of purchasing or leasing. Fly when you want, wherever in the world you want, on a superior fleet of the latest generation jets.

Activating your card with an upfront payment gives you added benefits and greater flexibility. There are no hidden costs and you can top up whenever you need to.

We can advise which aircraft best suit your needs, whether you are travelling alone, with family or with colleagues. You can even travel with your pets! Your Personal Account Manager is on hand, wherever you are in the world 24-hours a day, to ensure you enjoy the ultimate luxury travel experience.

Choose your Jet Card

AVIER JET CARD

By purchasing an Avier Card you will have fixed-price on-demand aircraft at your finger-tips. It's easy to purchase blocks of 20 or 40 flying hours and buy additional hours when you need to. Use the hours as and when you want – it's that simple. We deduct the used hours from your credit balance at the agreed fixed hourly rates*.

Perfect if you want a fixed price for your flights

- Prices are based on average guaranteed hourly rates with zero cost escalation
- Ideal for flexible one-way flights

*Price list available on request.

AVIER FREEDOM JET CARD

Get the very best rates on the day you travel with our Avier Freedom Card. We are the only private jet charter company to offer a members' card where you can add money instead of accruing hours, and that's because we are dedicated to getting you the best value for money.

Perfect if you want to benefit from the very best rates on the day you travel

- Exclusive to Private Jet Charter
- Ideal for private jet trips of two to three days or less
- Flexible and convenient payments

Super Midsize Jets

CITATION X

Super midsize jets are more spacious than midsize jets, but have the benefits of heavy jets at a more competitive rate. Seating for up to 9 passengers and up to six hours flying time, these aircraft have full standing room, luxurious spacious cabin, more luggage capacity, high altitude capability, speed, and long range flying. Super midsize jets are ideal for VIPs, business executives and for family holidays.

Large / Heavy Jets

EMBRAER LEGACY 650

Ideal for long-haul flights, large jets can accommodate 10 to 16 passengers and include a flight attendant, Wi-Fi, in-flight catering, state of the art audio/video entertainment and a full size enclosed lavatory, high ceilings for free movement and cabins that can convert into sleeping arrangements for four to six passengers. Non-stop ranges can exceed 7,000 statute miles, farther than many commercial airliners.
